To our Members and Guests,

Nepean Rowing Club would like to express that during the current COVID-19 Health crisis, we will be following all government advice as it comes to hand to ensure the health and safety of our team, members and guests.

In saying this we are very much OPEN FOR BUSINESS but for how long is up to the relevant authorities.

Based on communications with the NSW and Federal Governments, Clubs NSW has informed us that the 100 person restriction should apply separately to each enclosed area within our Club.

We are also advised to strictly adhere to the safe social distance of 1.5metres, therefore we have removed some chairs to safely accommodate patrons.

The following precautionary measures are to be put in place;

- Staff have been briefed on good hand hygiene practices recommended by NSW Health and extra personal protective equipment and cleaning products have been purchased for the staff to utilise.
- Hand sanitiser stations have been added in various locations around the Club. Members and guests are encouraged to utilise these resources.
- Staff that are feeling unwell have been requested not to present to work.
- Increased cleaning of touch points throughout the Club will occur - door handles, tables, chairs, bench tops, ATM, poker machines and eBet terminals.
- Keno stationary, wine lists, coasters and advertising will be removed from tables throughout the Club, and will be available at the bar.
- All cutlery, salt/pepper, sauces and napkins have been removed and will be available at Paddles Bistro.

For the well-being of members, visitors and staff, please evaluate your own health and if feeling unwell please do not attend the Club. Your assistance in helping us to provide a healthy environment would be greatly appreciated.

Please be assured we are taking every measure to ensure the safety of our members, guests and staff at Nepean Rowing Club. Should advice change from relevant authorities, we will reassess measures and advise accordingly.
