Programs

Junior Rowing

Our junior program is the foundation to all of our other programs. We take athletes from the age of thirteen and upwards. From here they will progress through the squad structure to reach the goals they wish to achieve.

A more detailed breakdown of the three squads that exist in this program can be found in the 'Junior Rowers Manual' (can be found on the club website) along with further junior related information, however a brief breakdown can be found below.

Youth Squad: Rowers aged between 13 and 16 who have progressed through the learn to row program. Competing in club regatta's with a key focus of learning about the sport of rowing and becoming physically prepared for the next step.

Development Squad: Rowers aged between 14 and 18 who have rowed for a minimum of one year. This program begins to focus on competing at a higher level in club regattas and compete at NSW State Championships.

Elite Squad: Rowers aged between 15 and 18 who have rowed for a minimum of one year. This program targets rowers who are willing to go beyond the expected training sessions and are aiming to be competitive at higher level regattas, National championships squad and are aiming for junior national team selection.

Senior Rowing

Senior Crew

Senior rowing is a growing aspect of our program and has seen much growth in our recent history however we aim on continuing to grow this program.

The club squad is for individuals over eighteen and is flexible based on personal goals. We welcome both social and competitive rowers. We compete at the NSW Grade Championships and have sent a crew to Australian Championships in the club event so the higher end of this program is catered for.

The master's squad is for individual's aged over 27. We cater for social rowers right through to competitive rowers. We compete at the NSW Masters Championships and Australian Masters Championships.

All squads train together however many undertake their own training at times convenient for themselves.

A more detailed breakdown of the squads can be found in the 'Senior Rowers Manual' and can be found on the club website.

Training

The training program changes throughout the year based on the focus of that part of the season and coaches' availabilities. At the start of each season rowers will be sent a google sheets link that has the ongoing program available. All rowers must use this to track the program and put their name down for the sessions they intend on attending.

Appendix 2: Club Raffles Explained

Why we do raffles

Club raffles are undertaken by rowers to contribute to the costs associated with rowing. Weekly raffles are our major source of fundraising for the year and all rowers are encouraged to take part.

When

Raffles are undertaken twice a week.

Friday: 6:30pm- prize is \$100 Bunnings voucher

Sunday: 5:30pm- prize is \$100 Bunnings voucher

Where

Nepean Rowing Club

Who

Senior and junior rowers will be rostered on to do raffles.

What to wear

Rowers must wear Nepean uniform. This can be in the form of the club polo or another Nepean collared shirt you own.

How to do raffles

- Upon arriving rowers are to go to the bar (with a parent if under 18) and ask for the raffles box.
- Once they have the box they should organise enough tickets to carry around and write down the first number they will use that day in the provided table along with their name/s.
- They should grab the bum bag in the box that will contain a \$30 float consisting of 6 \$5.00 notes.
- They should then walk around the club and ask patrons if they wish to buy tickets in the rower's raffle.
- Tickets are: 1 for \$1, 3 for \$2 and 10 for \$5.
- After going around the entire club they may go sit down for five minutes.
- Then they must go up to the person with the microphone for the club raffle and ask for them to announce the last call for the rower's raffle.
- Go to anyone who wants tickets and upon completing this go back to a table with the raffle box.
- Write down the first and last number of the tickets that were sold on a piece of scrap paper and take it up to the same person who announced the last call.
- Count the money and go to the counter if you require coins to be changed to notes.
- Write down the total amount you made in the table and also on the envelope that will go in the box.
- the 'float' of \$30 that was in the bum bag at the start of the raffle should be replaced (No coins to be used as a float)
- Return the box to the bar staff and take the prize to the announcer so they may hand it out to the winner.
- The rowers raffle is drawn directly after the club raffle.

Appendix 3:

Nepean Rowing Club Camp 2020

27/1/2019

To rowers and parents,

The annual rowing camp is fast approaching and it is time to begin organising this event.

This year will once again see us go to Taree to attend the Taree summer regatta. This year, Taree will mark the end of our camp. The camp will commence on Thursday 2nd January and will run until Thursday 9th January. We will compete at Taree on Friday 10th - Sunday 13th January.

In order for this event to run smoothly we need volunteers. Camp involves up to three sessions a day and this involves preparing breakfast and lunch for rowers. Also help will be required for preparing food at Taree. Please talk to Daniel or send an email regarding your availability to help with these tasks. Your help would be greatly appreciated.

As with most camps in the past, the highlight will be the trip to Taree to compete in the Taree Summer Regatta on Friday, Saturday & Sunday. Rowers are to organise their own transport to Taree and accommodation.

There will be no cost for this camp however you must let Daniel know no later than 1st December if you are able to attend and if you will be competing at Taree.

What is included:

- Camp shirt
- Breakfast on each day of the camp
- Lunch on each full day of the camp

Planned Schedule for 2020 Camp

Slight changes may be made to the below but at this stage this is the plan.

Full days will be 7:15-4 and half days 7:15-12:30.

Appendix 4: General Regatta Day Information

Regatta days can be a very stressful time for all concerned. Follow these simple rules and not only should they be less stressful, the day should run a lot smoother.

1. All rowers involved in the regatta are to attend boat loading and unloading (both before and after the regatta) at a day and time determined by the coaches and boat master. If a rower is unable to attend either session they must advise their coach and ensure the Boat Master is also aware of the situation (otherwise their boat may be missed).
2. All rowers involved in the regatta are to arrive at the regatta venue at a time determined by their coach (usually a minimum of 2 hours before their first race of the day).
3. All rowers must wear their club zootie and other club gear is recommended to be worn.
4. On arrival at a regatta, each rower should immediately start rigging all his or her boats ready for the day's racing. It is each rower's responsibility to notify their coach of any breakages or parts missing from their boat a.s.a.p. so repairs can be made well before race time.
5. It is each rower's responsibility to put the correct lane number on his or her boat prior to each race and return it to storage immediately after each race. *(Failure to display the correct lane number that may result in a fine that will be paid by the crew concerned. Also, loss of a Lane number by failure to return it after the race will cost the crew concerned \$10 replacement fee)*
6. All rowers are to wear the correct racing attire for every race (Nepean zoot suit). If a hat is worn, all members of a crew boat should wear the same hats etc. If under shirts are worn, they should be the same colour *(Failure to do so may result in the crew upon request of boat race officials taking the under garments off before racing)*
7. All rowers are to be present at the start line by the specified time as detailed in the regatta program. This is usually 5 minutes before the first heat or division race of their event.
8. Each rower must keep hydrated at all times. They should also bring all their food needs for the day and not rely on shops.
9. Wandering off and running around will have a detrimental effect on your races – rest as much as possible between events. Be aware of your fellow crew members & do not let them down.
 - The Nepean Rowing Club tents are to be assembled and disassembled by the rowers. After the regatta they are to be returned & packed away in the Boat Shed at the Club.
 - The Club Tent is for the rowers to relax in and to prepare for and recover from their races.
 - A regatta Program will be placed in the tent.
 - Please note that the first priority of the tent is rest for the rowers and parents should respect this request.

A seat fee must be paid by each rower entered in every race (regardless of boat type). Please note that a coxswain does not pay seat fees. At present the seat fees for each race are as follows:

- Time Trials/non-SIRC regattas – \$13.00 per seat per event
- SIRC Regattas- \$18 per seat per event
- State Championships and State Sprints – \$28 per seat/event
- National Championships – \$55 per seat/event

Note: Should a crew miss the start of a race (unless caused by a breakage), then the Regatta Commission may impose a fine and that crew will be liable to pay it.

- If an athlete is sick on regatta day, please let your coach know as early as possible, so that either the crew can be withdrawn or a substitution of a crew member can be made – this avoids a fine for failing to race.
- Fines for racing whilst unregistered; late withdrawal; no bow number; failure to make the start of the race etc. are \$25 plus GST (\$27.50)
- A & B Grade Races are held over 2000 metres
- C & D Grade Races are held over 1000 metres
- Novice Races are held over 1000 metres
- Your Grade is altered by your results in all races across the season.
- There are no age limits in grade races and a single race may have competitors aged anywhere from 12 years old to 80+ years old.
